Nov 03, 2017 Hi Guysssss! So my wedding Photo Booth was a H U G E hit and I wanted to share everything I used to DIY it.. We chose this because it was the least expensive we could find and seemed really user-friendly.. So glad I went with this software DIY Photo Booth With Live Image Sharing: This is a quick tutorial on how to build the absolute best photo booth for cheap.. I really liked the software because it has so many options you can tweak to your preferences.. Instead of a ring light you're welcome to use just a Wedding Booth I don't run a photo booth business I just set this up for my sister's wedding with a friends DSLR and a NUC.. This photo booth setup is perfect for parties, weddings and any other ev Photo Booth Software We purchased Sparkbooth as our photo booth software.. It ran very smooth no issues at all It was the biggest hit at the wedding and we have about 200 prints to remember the wedding and all our friends.. Best FREE Photo Booth app in the Windows Store! You can add fun real-time effects to your camera, capture single photos or photo strips, save them locally (Pictures folder) or OneDrive, and share them on Facebook or Twitter with your friends! With the new update you can also record videos with effects!.

This is an inexpensive yet professional quality photo booth that anyone can make themselves.
